I'm Natalie, a digital artist based in Edinburgh. My work focuses on a wide variety of animals (mainly cats) & surrounding natural/floral elements. I love to stylise & exaggerate characters in my artworks, however I also like to create delicate pattern designs incorporating mixed media. I really enjoy creating illustrations for product & surface design.

## SARAH FERRY

NCA - BA Interior  
& Spatial Design

Hello, I'm Sarah. During my final year of study I entered two competitions. The first to design a front cover image for digital magazine NE Love (which I won with Dark Fairycore Bedroom, see edition 36) The second, to design a greetings card and the concept For A Friend I Call Family was born.
